First of all, most of people may have a question: what can learn from reading international newspapers? Reading newspaper is a very activity to start a new day. This gives readers a brief knowledge into the real happenings in the country and world. Furthermore, it helps us become informed citizens. Reading is the most useful activity. It helps to improve readers' understanding and reading skills. A Newspaper is a piece of material which provides knowledge of all the latest news and events happening in the world. Since its origin in 17th century, the newspaper has become an essential part of our daily life.

Newspapers has been developing and attracting readers for ages. It was invented in 59 BC in ancient Roman Empire. It was called "Acta Duirna". Then newspaper have been progressing. Newspaper definition is that publication contain current news, advertisements, and articles of special and general interest displayed on sheets of paper. The purpose of newspapers of newspapers is to inform and express information to readers. Newspaper includes to various types of news, for instance, about politics, military conflicts, games, sports, economical events, trade and entertainment.

Reading newspaper makes a good habit and it is already part of modern life. This habit will widen your outlook and will enrich your knowledge. These days technologies are developing rapidly. And also, most of platforms and apps are used for exchange thoughts and get some information by young people. But mobile phones and other gadgets are harmful for our health and our eyes. Newspaper and magazines are not damaged for our health. Reading newspaper is more comfortable and understanding than reading articles on screen.

Many types of international newspaper are read by readers. For example, Breaking news-international newspapers are readily available for readers here in the United States and bring with them numerous benefits. Read on to learn why finding and supporting international news is more important than ever, plus how you can get new favorites from far-flung corners of the world delivering right to your favorite reading nook. Just over 60% of Americans will consume news from

newspaper over the course of week. Another 33% say they enjoy staying tuned into the news throughout the day, reading, listening, and watching for trending headlines as they break.

International newspapers offer a unique perspective on the most pressing issues of day. Based on frequency, the type of newspapers includes weeklies and dailies. While dailies are published every day, weeklies are printed every week. Weekly and daily subscriptions to just one foreign publication provides a valuable opportunity to inform your beliefs, rather than remain narrowly immersed in American perspectives on political, economic, social and cultural issues. Also, top international newspapers cover the same range of topics as U.S. papers, often in English. Coverage includes: world news, domestic news, editorial opinion columns, features stories, sports, comic strips, additional entertainment sections.

In general, it is important to read newspaper to keep tabs on the defining issues of the day from sources outside your immediate bubble. Yet perhaps most critically, international newspapers offer a respite. As more and more Americans feel the country slipping deeper into globalized media landscape, publications from other countries pull back the lens, reminding us of the depth, breadth and nuance behind many of today's top stories. The modern world is more connected and connectable than ever. A few keystrokes can give you instant access to any information you want online. Print and digital news brands often lead that charge in delivering answer to queried questions. In this sense, global newspapers are the way to say plugged into the international news cycle. Reading foreign news sources is an excellent way to increase your cultural competence to connect, understand and communicate successfully with people from other backgrounds. Reading the leading newspapers from a particular country will help you better grasp both the fact and opinions informing a popular belief system there. That global curiosity, combined with informational access, makes you amore aware global citizen, ready to engage with a diverse range of issues with a nuanced sensibility. In our globally connected world, political, social or economic changes in one country often trigger shifts in another. This ripple effect can be hidden, though, when you only get your news from domestic sources. Buying foreign newspapers allow you to trace the impact of decision and events in one country into others. Foreign newspapers offer a softer, more approachable method to read opposing views, often in a way that does not seem designed to attack your own. In that sense, they can help you and others grow more comfortable in plurality and better able to negotiate across differences. News is designed to be the latter and is dangerous when it is the former. At its core, newspaper and international news stories aim to present objective facts, finding and events, then allow civil commentary on its outcomes. By engaging with international newspapers, you reprioritize news as a springboard for informed opinions- not the opinion itself.

Consider this list of global newspapers published in English to broaden your horizons and engage with fresh stories. For instance, The Guardian is a London based compact daily newspaper with widespread international acclaim and circulation. Known in particular for its investigative work, The Guardian contains a world news guide covering content on every continent. This automatically gives this paper a global lens, yet is especially useful for Americans aiming to break out of U.S. focused spinning of world events. Considered one of the best newspapers in the U.K. The Guardian is great for understanding some of today's most pressing international news, such as Brexit, GDPR, the Paris Climate Agreement, NATO and the European refugee crisis. The paper "remains faithful to its liberal in the American political party sense, but in its liberal tradition," though not liberal in The American political

party sense, but in its textbook definition of presenting broad, factual and nuanced perspectives on trending events.

The reading newspaper is very useful for young citizen to develop their language ability and to get knowledge of current events and the world. The newspaper also indicates the programmers and policies of the corporate sector and the government.

In summary, there are several advantages of reading newspaper in our life which cannot be under estimated. Newspaper is a treasure house of information that increases its wealth every day before coming to our doorstep. Every morning, we get to read newspaper with a cup of hot tea. With newspaper reading, we perpetually enhance our vocabulary, reading skills, knowledge and a lot more.
